

My Success Story

How much my life has changed...

For years I used drugs and alcohol to hide from my emotions and feelings. I had no idea that my normal wasn't normal. I came to Claudia and Eddie's to change my life and give myself a chance. The program taught me a new way to deal with life's ups and downs. I attend classes on coping skills, occupational skills, and NA meetings. I learned that there was a better way to live. I am now clean and sober and looking forward to each day. I am working and attend meetings virtually. The program offered me something I didn't know I needed...structure. I am and will always be grateful for Claudia and Eddie's and another chance at life.
