

## My Success Story

I am La'Shawn G. and I am living at Claudia and Eddie's Place. I've been here for 2 weeks and I like it a lot. There is a lot of positive sisterhood around me from the ladies here. We are all working so hard to stay clean and sober. I was tired of being sick and tired, I want my sobriety so bad and I am going to everything I can to keep it. That means going to meetings as much as I can and finding a sponsor. I have support from my 3 sons and my uncle who understands the journey of recovery. I want to stay here as long as I can because I messed up 2 years of sobriety and I don't want to do that again. I want my life back, I love being clean and sober this time around.
